

# Aged Care

Aged Care with a  
*difference*

Welcome to Cumberland View – a community like no other. We offer an unparalleled ageing in place experience and a continuum of high-quality care that ensures that as your needs change and evolve, so too does your care environment.

We proudly welcome new residents into a community that is as inclusive as it is diverse; spirited, engaged and uplifting, enriched by the life experience and character of its members.

It's what truly sets us apart from other aged care communities and the reason so many choose to call our village home.

A scenic view of a residential neighborhood, likely in a suburban or rural area. The foreground is dominated by lush green foliage, including a large tree with bright yellow-green leaves on the left and a cluster of red berries in the bottom left corner. In the middle ground, a large, mature tree with a thick trunk stands prominently. Behind it, several houses are visible, partially obscured by the dense canopy of trees. The houses have light-colored roofs and walls. The background shows more trees and a clear blue sky with a few wispy clouds. The overall atmosphere is peaceful and natural.

## Set in 34 acres of green *open space*

Surrounded by majestic gums and abundant native flora, our residents wake each day to sweeping views across the Dandenong Ranges and an unparalleled sense of tranquillity.

This idyllic natural sanctuary is located just 30 minutes from Melbourne's CBD and is accessible via both Eastlink (M3) and the Monash Freeway (M1), close to the Monash Medical Centre and The Glen shopping centre.

# *A unique* approach to Aged Care

As an independently owned, single-site agency, we are able to offer a personalised approach to care that can't be replicated by larger, multi-site providers.

We take the time to listen to and understand the needs of each individual resident, designing flexible and holistic care programs that are personally tailored and adapted to support your physical, mental and emotional wellbeing at every stage of your stay.

Our skilled, long-serving team has extensive experience in all aspects of aged care - including Dementia-specific and respite care - so you can rest assured they're providing the highest possible standards of care and industry best practice, in a compassionate and positive environment.

Our registered nurses are available onsite 24/7 and we're happy to facilitate visits from personal physicians and specialist consultants, including physiotherapists, podiatrists, chiropractors and dentists.

A photograph of two elderly women sitting together in a well-lit room. The woman on the left is wearing a white sweater and a pearl necklace, looking towards the woman on the right. The woman on the right is wearing a light-colored blouse and a matching scarf, smiling warmly and holding the hand of the woman on the left. The background is bright and out of focus, suggesting a window with sheer curtains. A green plant is visible in the foreground at the bottom.
